- Your insurance has no drug coverage
- You have a high drug deductible
- You have met a low medicine cap
- The card offers a better price than your copay
- You are in the Medicare Part D donut hole

What drugs are covered?

The card is good for prescription drugs, over-the-counter medicines and medical supplies if written on a prescription blank, and pet prescription medicines purchased at a pharmacy. You'll save on most, but not all, prescriptions.

Save up to 40% off durable medical equipment, including canes, crutches, splints, incontinence supplies and more. You can also save on diabetic supplies such as glucose meters, test strips, lancets and diabetic shoes. Visit www.needymeds.org/dme to learn more.

You can also save an extra 5% on affordable lab tests and online results. No doctor's order or insurance needed. Visit www.needymeds.org/L2L for more information.

The card is not valid in combination with other insurance plans, including Medicare, Medicaid or any state or federal prescription insurance. The card can be used only if you decide not to use your government-sponsored drug plan for your purchases.
